MERN Stack Developer

mehadihasanshuvo88@gmail.com | +880 1723 2633 04 | [Portfolio](#) | [GitHub](#) | [LinkedIn](#) | Dahaka, Bangladesh

Skills

Expertise: Javascript | React Js | HTML | CSS | Bootstrap | Tailwind

Comfortable: Express Js | MongoDB | Firebase

Familiar: Node Js | C | JWT | Axios

Tools: VS Code | Dev Tool | Figma | Git | npm | Stripe

Interpersonal: Dedicated | Team work | Hard worker

Extra: MS Word | MS Powerpoint | Adobe Photoshop | Canva

Projects

Summer Sports Camp | Education Website

[Live Link](#) | [Client Side Code](#) | [Server Side Code](#)

Features:

- Dynamic 3 types of dashboard (student, instructor, admin). Every type of route is protected by JWT.
- Payment system is available. There is a Stripe payment system for students. They can pay by card.
- Users can select courses after login. Instructor and admin can't select the course.

Technologies:

- For the front-end, I used HTML, CSS, React Js, Tailwind, Daisy UI and some React packages.
- For storing data and Back-end technology, I used MongoDB, Express Js, Node Js, Firebase, JWT, Stripe

Toy Cars | E-commerce Website

[Live Link](#) | [Client Side Code](#) | [Server Side Code](#)

Features:

- Sellers can add, delete and update their products very easily on this website for this seller must be logged.
- User experience is very good. Users can see product by category and search products. The site is responsive.
- This website has an authentication system, without a login user can not see the product details.

Technologies:

- For the front-end, I used HTML, CSS, React Js, Tailwind, Daisy UI and some React packages.
- For storing data and Back-end technology, I used MongoDB, Express Js, Node Js, Firebase.

Bangali Chefs | Restaurant Website

[Live Link](#) | [Client Side Code](#) | [Server Side Code](#)

Features:

- User experience is very good. Users can see chef details and chef's special recipes. The site is responsive.
- Users can add as their favorite recipe and they can see recipe ingredients and cooking methods.
- This website has an authentication system, without a login user can not see chef details.

Technologies:

- For the front-end, I used HTML, CSS, React Js, Tailwind, Daisy UI and some React packages.
- For storing data and Back-end technology, I used MongoDB, Express Js, Node Js, Firebase.

Education

B.Sc in CSE

2022 to Present

Green University of Bangladesh

Language

Native: Bangla

Comfortable: English and Hindi
